MID-WEST GAUGES WITH CHEMICAL SEALS

Mid-West Instrument offers chemical seals on one of its' differential pressure gauges, the Model 140 Series. This is the only gauge offered with this option.

Please be aware that Mid-West Instrument MUST install the chemical seal option to maintain the Mid-West Instrument five (5) year limited warranty on differential pressure gauges.

INSTALLATION OF CHEMICAL SEALS ON MID-WEST INSTRUMENT GAUGES BY OTHER THAN MID-WEST INSTRUMENT PERSONNEL AUTOMATICALLY VOIDS ANY WARRANTY CONSIDERATION ON THE GAUGES.

Please, too, be aware that any tampering with the capillaries, chemical seals, or their connections **AUTOMATICALLY VOIDS ANY WARRANTY CONSIDERATION ON THE ASSEMBLY.**

If you experience any problems with your Mid-West Instrument differential pressure gauge with the chemical seal option, please contact your nearest Mid-West Instrument Representative to arrange to have the unit sent back to the factory. Remember, too, that **THE UNIT MUST BE PROPERLY PACKAGED TO AVOID DAMAGE IN SHIPMENT.**
